Discovery is on-going – so even when we finish that, there may be something else that comes in –

As we told Theresa, we have completed the vast majority of our discovery and will be constantly sending in things as we receive them.

Thank you for your prompt response. Will the government notify us when that final review and any concomitant disclosure is completed?

Mr. Castle,

We are going through some CDs that we believe are duplicates and don't need to be disclosed, as well as two notebooks that may be duplicates. Other than that – we have disclosed everything we have to date and will disclose items as we receive them.

Thanks – Maria
